Commission on Sustainable Development
Intergovernmental Forum on Forests
Fourth session
New York, 31 January-11 February 2000

Letter dated 19 January 2000 from the Permanent Representatives of Indonesia and Sweden to the United Nations addressed to the Secretary-General

We have the honour to transmit to you the summary report of the World Commission on Forests and Sustainable Development entitled "Our Forests ... Our Future". The full report was presented last year by the Commission, which, as you know, is an independent body composed of respected individuals from 24 countries and co-chaired by former Swedish Prime Minister Ola Ullsten and former Indonesian Minister of State for Population and Environment, Professor Emil Salim.

We believe that the report is informative and relevant to the discussions that are going to be held at the upcoming fourth session of the Intergovernmental Forum on Forests and would therefore be grateful if you would have the enclosed document made available to the participants in the Forum.
